

# Country Focus Document

## Orange Knowledge Programme (OKP)

**Last update: 2 April 2020**

For this update the priority areas and strategic partners for some countries have been adjusted.

### Co-funding

Note that co-funding is only applicable for group trainings and institutional collaboration projects – not for individual scholarships. The percentages shown below in the “co-funding” column show the minimum percentage of co-funding required. At least half of this minimum percentage should come from the requesting organization. The remaining required amount of co-funding is free to come from various other sources.

In order to enhance effectiveness and sustainability of individual scholarships and TMTs, applications should be linked to the priority areas provided by the Embassy of the Kingdom of the Netherlands. The Embassy of the Kingdom of the Netherlands would like to support the following strategic partners or organizations:

Country	Priority areas	Strategic partners	Co-funding	ODA Country Category	OKP Country Category
Afghanistan	Rule of Law and anti-corruption, Human rights, peace, security and social progress (including women rights and gender equality), Water management and agriculture, Economic development.	The government: both central and local Private sector/Small businesses NGOs and civil society organizations/ institutes	0%	LDC	B
